Saneex PRO®

Instruction for Use

Digital Display light "Clean" indicates that the toilet seat is ready to be used
User can safely use the toilet or engage with the system to initiate the sanitizing process again

>> To initiate sanitizing cycle:

User waves hand over IR sensor

Saneex Pro automatically starts and completes the sanitizing process while the Digital Display Light "Sanitizing" is On.

Once completed, digital Display light "Clean" indicates that the toilet seat is ready to be used

(Odor System)

Once the user is seated

Saneex Pro will automatically inject deodorizing oil into the toilet bowl.
